**THE FUTURE
OF BUSINESS**

The Sultanate of Oman holds a strategic location, connecting the East and West through key trade routes, it is also a hidden gem in the gulf region, a source of two-thirds of global oil exports catering to the Middle East and Southeast Asia.

The Sultanate has promoted economic growth while preserving its culture and heritage, by developing the national economy based on the principles of justice and the free market, and investing heavily in developing the business base and attracting new companies. Oman has great potential in diverse industries such as tourism, fisheries, logistics and others. Therefore, the government is keen to encourage foreign investments in various sectors, due to the availability of infrastructure and a fertile business environment, in addition to ensuring easy access to both local and international markets.
